The Google searches I attached are the only source I can use as an example at the hearing. I will not use them as facts but will want to present them at the hearing
Thank you

3. We have provided copies of all the documents we intend to offer at the hearing and a copy of Mr. St. Vincent's CV and will not produce anything else. In addition, we do not know what Leron means by a letter "given to Mr. Vincent from city of Philadelphia after the end of his employment."
4. We object to the introduction at the hearing of the document attached to Leron's email on the grounds of relevance: it does not make the existence of a fact of consequence to the adjudication of this matter more probable or less probable.
